## INTERNATIONAL SEARCH REPORT

International application No.
PCT/JP2004/012330

A. CLASSIFICATION OF SUBJECT MATTER Int.Cl <sup>7</sup> A61K45/00, 39/395, A61P35/00							
According to International Patent Classification (IPC) or to both national classification and IPC							
B. FIELDS SEARCHED							
Minimum documentation searched (classification system followed by classification symbols) Int.Cl <sup>7</sup> A61K45/00, 39/395							
Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched							
Electronic data base consulted during the international search (name of data base and, where practicable, search terms used) MEDLINE (STN), BIOSIS (STN), CAPLUS (STN), EMBASE (STN)							
C. DOCUMEN	NTS CONSIDERED TO BE RELEVANT						
Category*	Citation of document, with indication, where app	propriate, of the relevant passages	Relevant to claim No.				
Y	DUNN, Sandra E. et al., A Dom Mutant of the Insulin-like Gr Receptor Inhibits the Adhensi and Metastasis of Breast Canc Research, 1998, Vol.58, No.15 3353 to 3361	owth Factor-I on, Invasion, er, Cancer	1-4 · .				
	WANG, Yuli et al., Insulin-li receptor-l as an anti-cancer transformation and inducing a Cancer Drug Targets, 2002, Vo 191 to 207	target: blocking poptosis, Current	1-4				
× Further do	ocuments are listed in the continuation of Box C.	See patent family annex.					
* Special categories of cited documents:  "A" document defining the general state of the art which is not considered to be of particular relevance  "E" earlier application or patent but published on or after the international filing date  "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)  "O" document referring to an oral disclosure, use, exhibition or other means "P" document published prior to the international filing date but later than the priority date claimed  Date of the actual completion of the international search  12 November, 2004 (12.11.04)		"T" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention  "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone  "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art document member of the same patent family  Date of mailing of the international search report  07 December, 2004 (07.12.04)					
Name and mailing address of the ISA/ Japanese Patent Office		Authorized officer	<u> </u>				
Facsimile No		Telephone No.

## INTERNATIONAL SEARCH REPORT

International application No. PCT/JP2004/012330

Box	No.	. I Nucleotide and/or amino acid sequence(s) (Continuation of item1.b of the first sheet)	
		i () ( in the line of the line	
1.	With inve	h regard to any nucleotide and/or amino acid sequence disclosed in the international application and necessary to the claimed ention, the international search was carried out on the basis of:	
	a.	type of material	
		x a sequence listing	
		table(s) related to the sequence listing	
	b.	format of material	
		in written format	
		in computer readable form	
	c.	time of filing/furnishing	
		contained in the international application as filed	
		x filed together with the international application in computer readable form	
		furnished subsequently to this Authority for the purposes of search	
2. [	×	In addition, in the case that more than one version or copy of a sequence listing and/or table relating thereto has been filed	
		or furnished, the required statements that the information in the subsequent or additional copies is identical to that in the application as filed or does not go beyond the application as filed, as appropriate, were furnished.	
3.	Addi	litional comments:
